

The lodge at Cheatham Island Plantation

140" buck harvested at Cheatham Island Plantation

Purchase one unit of the software program and you will be entered to win an **all expense paid deer hunt** at Cheatham Island Plantation! Cheatham Island Plantation is a 3,500-acre paradise located in the Mississippi River bottoms of Southeast Arkansas. You will enjoy a four-day all expense paid deer hunt during the peak of the rut. You will arrive on a Thursday evening where you will have an opportunity to shoot your rifle before the next morning's hunt. If you are lucky enough to harvest your buck early in your trip, you will have the opportunity to climb in a duck blind and experience some first class duck hunting that Arkansas is so famous for.

These images were taken on surveillance cameras last summer. All three of these bucks made it through the season.
